Please observe the following instructions for the reduced operation of the chemical storage:

1. Organize collective purchases within your chairs/working groups in order to reduce the general volume of customers

2. Orders for fine chemicals and other articles which are not on stock will be temporarily exclusively accepted by e-mail:

   chemikalienlager-nc@rub.de

The e-mail must contain the following information:
- a copy of your customer card
- the item description,
- the article number,
- the supplier,
- the desired quantity
- Your work area/department.

An order confirmation for your order will be sent to you in reply. The collection will take place as usual

3. Access in all collection areas is reduced to one customer. Please do not enter until you are requested to do so by one of our staff members.

4. Waiting zones with appropriate distance markings will be set up in front of all collection areas. The waiting area of the dispensary for chemicals and laboratory articles will be located in the main corridor of the NC South building. Please follow the posted instructions on site.

5. Act in solidarity and responsibility towards us and your colleagues, wear a mask if possible and please keep your distance.

6. Changes will be announced as early as possible via our mailing list and on our homepage.

Please stay healthy!
Your chemical storage team
